Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references (pages [149]-163) and index.
Sommario/riassunto	This book formulates new directions within the studies on cultural transfer and transmission, including gender aspects of cultural transfer, the importance of cultural transfer for minority literatures and approaches to writing a cultural transfer and transmission history. The articles collected in this volume demonstrate that the field of cultural transfer and transmission is developing quickly and offers a variety of research possibilities. New aspects are scrutinised and new insights gained from rediscovered material, and although the discussion of the theoretical points of departure and the methods used has only just begun, it is already providing us with interesting results and insights.
