Sommario/riassunto	Olga Tufnell (1905-85) was a British archaeologist working in Egypt, Cyprus and Palestine in the 1920s and 1930s, a period often described as a golden age of archaeological discovery. For the first time, this book presents Olga's account of her experiences in her own words. Based largely on letters home, the text is accompanied by dozens of photographs that shed light on personal experiences of travel and dig life at this extraordinary time.
