Livello bibliografico	Monografia
Nota di contenuto	Why do we need a theory of constitution? -- The history of the notion of constitution : two case studies -- Towards a theory of constitution -- The social foundation of the mind -- Constitution and idealism.
Sommario/riassunto	Through the work of philosophers like Sellars, Davidson, and McDowell, the question of how the mind is related to the world has gained new importance in contemporary analytic philosophy. This book demonstrates that Husserl's phenomenological analyses of the structure of consciousness can provide fruitful insights for developing an original approach to these questions.
