

1. Record Nr.	UNINA9910476930403321
Autore	Haas Claude
Titolo	Über Wissenschaft reden
Pubbl/distr/stampa	Berlin/Boston, : De Gruyter, 2019
Descrizione fisica	1 electronic resource (263 p.)
Collana	Lingua Academica
Lingua di pubblicazione	Tedesco
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	The volume examines the relationship between scientific self-understanding and scientific language usage in the German-speaking world around 1800. It discusses the re-founding of the university, the fraught relationship with rhetorical tradition, the presentational impact of scientific speech, and the political implications for audiences of this discourse.
