**Sommario/riassunto**

"This volume was first delivered at a conference organised by the Association for Industrial Archaeology in Nottingham in June 2004, and formerly constituted a special issue of Industrial Archaeology Review. The papers have the explicit intention of formulating a research framework for industrial archaeology in the 21st century and demonstrating how far industrial archaeology is now a fully recognised element of mainstream archaeology."

**Sommario/riassunto**

Reports, orders, journals, and letters of military officials trace frontier history through the Chicimeca War and Peace (1576-1606), early rebellions in the Sierra Madre (1601-1618), mid-century challenges and realignment (1640-1660), and northern rebellions and new presidios (1681-1695).
