Sommario/riassunto

What happens when artists are asked the questions usually addressed to planners and administrators? In Curating Sydney artists, architects, writers, designers and curators come together to reimagine the city. In a series of cutting-edge art and design projects they envisage a future where public art plays a vital role in the life of the city - from quirky installations to architectural innovations and works that focus on environmental health and sustainability. Highly illustrated with visionary concept drawings and public artworks, Curating Sydney offers a new view on the future of the city - on
