Rethinking the Termination of Abused Women's Parental Rights for Failure to Protect; Chapter 13 - Child Neglect: Research Recommendations and Future Directions; Chapter 14 - Policy Issues in Child Neglect; Index; About the Contributors
Sommario/riassunto	The editor and the contributing authors present a rich, interdisciplinary

conceptualization with a broad view of neglect, moving far beyond the current child welfare focus on parental omissions in care. This broader view is essential to seriously addressing the complex and pervasive underpinnings of neglect.
