Sommario/riassunto	In this fresh and provocative book, Anthony DiMaggio uses the war in Iraq and the United States confrontations with Iran as his touchstones to probe the sometimes fine line between news and propaganda. Using Antonio Gramsci's concept of hegemony and drawing upon the seminal works of Noam Chomsky, Edward Herman, and Robert McChesney, DiMaggio combines a rigorous empirical analysis and clear, lucid prose to enlighten readers about issues essential to the struggle for a critical media and a functioning democracy.
