Descrizione fisica	1 online resource (577 p.)
Disciplina	364.97303
Soggetti	Crime - United States Criminal justice, Administration of - United States Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	List of articles -- Reader's guide -- About the editor -- List of contributors -- Introduction -- Chronology -- Articles -- Glossary -- Resource guide -- Appendix -- Index -- Photo credits.
Sommario/riassunto	This encyclopedic reference focuses primarily on urban lifestyle and its associated crimes, ranging from burglary to drug peddling to murder to new, more sophisticated forms of street crime and scams. This traditional A-to-Z reference has significant coverage of police and courts and other criminal justice sub-disciplines while also featuring thematic articles on the sociology of street crime.

Sommario/riassunto	Can we imagine organisations to be like human bodies? Modern medicine has advanced since the study of blood, phlegm, yellow bile and black bile was assumed to explain how the body functions. Organisational science today is in a similar mediaeval position, with fragmented theories of structure, competitiveness and human resources, and no overall theory of organising. This book fills that gap by constructing a physiological theory of organising. During the middle of the twentieth century, the ...
