Sommario/riassunto	Designing the practically paperless classroom Imagine students carrying mobile devices instead of a backpack. This breakthrough guide shows educators how to affordably transform schools into digital learning centers. Jonathan P. Costa, Sr. outlines a step-by-step road map of solutions for overcoming budget and systems barriers and moving forward with a sense of urgency. His field-tested strategies show how to: Acquire and pay for necessary equipment Save money by utilizing open source, crowd sourcing, and Bring Your Own Device Align instruction, assessment, curriculum, and professional development for a 21st century learning environment A content-rich companion website provides adaptable tools, step-by-step guidance, resources, and access to an online interactive community..
