Kelly, Anne McBride, Jeff Bostic, and Sharon Hoover -- Violence and the media / Michael B. Kelly and Suzanne Shimoyama.

"Safe Passage: A Guide to Addressing School Violence provides a road map for understanding and addressing violence of all kinds in the school environment. The editors emphasize that mass casualty events are but one species of violence, and that in fact school violence comes in many different forms, from bullying on campus to trauma off campus, from community gangs to violent crimes. Case vignettes illustrate and illuminate the range of violent situations likely to be encountered, as well as the advantages and disadvantages inherent in various interventions. The authors stress that threat assessment must take individual, school, and community variables into account. Safe Passage: A Guide to Addressing School Violence introduces readers to important concepts pertaining to school violence and serves as a practical guide for mitigating and preventing violence in our schools"--
