Sommario/riassunto	This book examines the contrasting interpretations of Islam and the Qur'an by Averroes and Al-Ghazali, as a way of helping us untangle current impasses affecting each Abrahamic faith. This has traditionally been portrayed as a battle between philosophy and theology, but the book shows that Averroes was rather more religious and Al-Ghazali more philosophical than they are usually portrayed. The book traces the interaction between two Muslim thinkers, showing how each is convinced of the existence of a Book in which God is revealed to rational beings, to whom He has given commandments,
