| Sommario/riassunto      | The European Union and culture explains why and how the European Union has started to intervene in the cultural policy sector - understood here as the public policies aimed at supporting and regulating the arts and cultural industries. It is the first comprehensive                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

and theoretically informed account of the Communitarisation process of the cultural policy sector. Before 1992, no legal basis for EU intervention in the field of culture appeared in the Treaties. Member states were, in any case, reluctant to share their competences in a policy sector considered to be an area of national sovereignty

| Sommario/riassunto      | <p>Die Beiträge dieses Bandes präsentieren Theorieentwicklung, empirische Forschung und Entwicklungsarbeiten zu historischem Denken und zur fachlichen Kompetenzorientierung. Sie dokumentieren die Diskussionen, die bei der Tagung „Kompetent machen für ein Leben in, mit und durch Geschichte“ in Eichstätt 2017 geführt worden sind. Anlass der Tagung war das 10-jährige Erscheinen des Strukturmodells „Kompetenzen historischen Denkens“ der FUER-Gruppe. Das Treffen hatte das Ziel, die gemeinsame geschichtsdidaktische Basis auszuloten, die die Zukunft des historischen Denkens orientieren und das Kompetent-Werden für einen Umgang mit Geschichte in Zeiten eines rasanten Wandels tragen kann.</p> <p>„Resümee“ heißt hier aber nicht Ende, sondern bloß „Zwischenhalt“, meint also vielmehr Innehalten, Nachdenken und Entwicklung von Visionen für die Zukunft. Da wundert es nicht, dass sich fast jede*r, der oder die in der Zunft derzeit Rang und Namen hat, in diesem Band zu Wort kommt.</p> <p>Der Band ist eine empfehlenswerte Lektüre für alle, die einen Einblick in das Panorama geschichtsdidaktischer Fragestellung in Theorie, Empirie und Lehrerbildung gewinnen wollen.</p> |
