

1. Record Nr.	UNISA990000743140203316
Titolo	Law and practice under the GATT / compiled and edited by Kenneth R. Simmonds, Brian H.W. Hill
Pubbl/distr/stampa	New York : Oceana
ISBN	0-379-00815-7
Descrizione fisica	c1987 : 3 v. : ill. + 27 cm
Disciplina	343.087
Soggetti	Accordo generale sulle tariffe e il commercio < GATT > Tariffe doganali -- Legislazione Commercio internazionale -- Regolamentazione
Collocazione	IG VIII 10 561/I IG VIII 10 561/II IG VIII 10 561/III
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	A fogli mobili, aggiornati periodicamente

2. Record Nr.	UNINA9910480393203321
Autore	Wang Yuanhua <1976->
Titolo	Spinor genera in characteristic 2 // Yuanhua Wang, Fei Xu
Pubbl/distr/stampa	Providence, Rhode Island : , : American Mathematical Society, , [2008] ©2008
ISBN	1-4704-0513-X
Descrizione fisica	1 online resource (104 p.)
Collana	Memoirs of the American Mathematical Society, , 0065-9266 ; ; number 907
Disciplina	515/.63
Soggetti	Spinor analysis Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Volume 194, number 907 (second of 4 numbers)."
Nota di bibliografia	Includes bibliographical references (pages 85-86).
Nota di contenuto	""Contents""; ""Preface""; ""Chapter 1. Local Theory""; ""1.1. Some lemmas""; ""1.2. W-type""; ""1.3. Generation of $O(L)$ ""; ""1.4. Computations of spinor norms, I""; ""1.5. Computations of spinor norms, II""; ""1.6. Group structure of $I^*(X(L/K))$ ""; ""1.7. Reduction formula for $I^*(X(L/K))$, I""; ""1.8. Reduction formula for $I^*(X(L/K))$, II""; ""1.9. Some computation via reduction formulae""; ""1.10. Some notation""; ""1.11. Closed forms for $I^*(X(L/K))$ ""; ""Chapter 2. Global Theory""; ""2.0. Introduction""; ""2.1. Number of spinor genera in a genus""

3. Record Nr.	UNINA9910714227203321
Autore	Kittner Dorothy R (Dorothy Ruth)
Titolo	Health and insurance plans under collective bargaining Life insurance and accidental death and dismemberment benefits, early Summer 1960
Pubbl/distr/stampa	Washington, D.C. : , : United States Department of Labor, Bureau of Labor Statistics, , 1961
Descrizione fisica	1 online resource (vi, 23 pages) : illustrations
Collana	Bulletin ; ; no. 1296
Soggetti	Life insurance - United States Disability insurance - United States Collective labor agreements - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"June 1961." "This study was conducted and the bulletin was prepared ... by Dorothy R. Kittner"--Page iii.
Nota di bibliografia	Includes bibliographical references.

4. Record Nr.	UNINA9910869170703321
Autore	Shaw James A
Titolo	Historical Diseases from a Modern Perspective : The American Experience / / by James A. Shaw
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2024
ISBN	9783031523465 9783031523458
Edizione	[1st ed. 2024.]
Descrizione fisica	1 online resource (202 pages)
Disciplina	610.973
Soggetti	Diseases Medicine - History History of Medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Note to Readers -- Historical Theories of Disease Causation, Prevention and Cure -- Contagious Diseases -- 1918 Pandemic Influenza -- Hansen's Disease -- Smallpox -- Rubeola -- Rubella -- Tuberculosis -- Group A Streptococcal Disease -- Varicella -- Diphtheria -- Pertussis -- Mumps -- Meningitis -- Zoonotic/Vector-borne Diseases -- Plague -- Yellow Fever -- Typhus -- Malaria -- Dengue -- Rabies -- Rocky Mountain Spotted Fever -- Fecal-Oral Diseases -- Cholera -- Poliomyelitis -- Typhoid Fever -- Dysentery -- Sexually Transmitted Diseases -- Syphilis -- Gonorrhea -- Substance Use Disorders -- Alcohol Use Disorder -- Opioid Use Disorder -- Parasitic Diseases -- Hookworm -- Neglected Parasitic Diseases -- Chagas disease -- Neurocysticercosis -- Toxocariasis -- Toxoplasmosis -- Trichomoniasis -- Nutritional Diseases -- Vitamin D Deficiency -- Vitamin C Deficiency -- Fungal Diseases -- Coccidiomycosis -- Dermatophytosis -- Candidiasis -- Disease Index.
Sommario/riassunto	Historical Diseases from a Modern Perspective: The American Experience is a must read for any physician, medical student, history buff, fan of historical novels, or individuals concerned about reemerging diseases. Every disease section contains fascinating historical insights relevant to the American experience, including how

the 1900 outbreak of plague in San Francisco was contained, why the flow of the Chicago River was reversed, why “chicken pox parties” were once common, how the scourge of yellow fever was abated, and why poor southerners were once considered lazy and shiftless. Those readers interested in military history will learn how smallpox impacted troop strength in the Revolutionary War, dysentery in the Civil War, influenza in WWI, malaria in WWII, and sexually transmitted diseases across all wars. The social history of alcohol and opioid use is outlined as is the pre-antibiotic treatment of syphilis and gonorrhea, giving rise to the quip, “A night with Venus and a lifetime with mercury,” and the nickname “clap.” The use of anthrax as a tool of bioterrorism, the debilitating effects of scurvy, and the horror of leprosy are all discussed, along with multiple other diseases of historical interest. The text begins by outlining historical theories of disease causation, prevention and cure, to provide a contextual understanding for the reader. The ensuing chapters describe how historical diseases acquired their traditional monikers (Spanish flu, ship fever, ague, blue death, breakbone fever, scarlet fever, etc.) and how they were treated before the era of modern medicine. Emphasis is placed on the impact of disease outbreaks on society and how the understanding, treatment, and prevention of these diseases developed over time. The threat of historical disease reemergence due to waning vaccine immunities, vaccine hesitancy, antibiotic resistance and climate change is noted as a subtext throughout the book – a peril of global concern at this time. The book covers a large array of historical diseases, grouped for clarity and understanding within the broad categories of contagious diseases, vector-borne/zoonotic diseases, fecal-oral diseases, sexually transmitted diseases, substance use disorders, parasitic diseases, nutritional diseases, fungal diseases, and soil-related bacterial diseases. .
