Sommario/riassunto

The Classical Orders of Architecture elaborates on the classical orders of architecture, including Classicism, Tuscan orders, Doric orders, Ionic orders, and Corinthian orders. The publication first examines the teaching of the orders, need for a new handbook of the orders, Roman and Renaissance theorists, traditional systems of proportion, and metric system of measurement. The text then ponders on historical background and orders in detail. Discussions focus on the Greek orders and comparative Tuscan orders, Doric orders, Ionic orders, Corinthian orders, and Composite orders. The book tackles

Sommario/riassunto	This eBook is a collection of articles from a Frontiers Research Topic. Frontiers Research Topics are very popular trademarks of the Frontiers Journals Series: they are collections of at least ten articles, all centered on a particular subject. With their unique mix of varied contributions from Original Research to Review Articles, Frontiers Research Topics unify the most influential researchers, the latest key findings and historical advances in a hot research area! Find out more on how to host your own Frontiers Research Topic or contribute to one as an author by contacting the Frontiers Editorial Office: <a href="https://frontiersin.org/about/contact">frontiersin.org/about/contact</a>
