Addressing Issues with Peers

Sommario/riassunto

An unplanned pregnancy in adolescence can be a crisis not only for young unmarried mothers, but also for unmarried fathers of the same age group. This landmark volume is the first in-depth, practical guide to counselling teenage fathers. Taking a multicultural perspective, the volume addresses issues that may have a bearing on a young man's adjustment to fatherhood, such as his relationships with his parents, his child, the mother of his child, her parents and his peers.
