                     Chapter 12 - Lusotopy as EcumeneChapter 13 - An Anthropologist of the World; Publications by Ulf Hannerz; Notes on Contributors; Index

   Sommario/riassunto   The scholarship of Ulf Hannerz is characterized by its extraordinary breadth and visionary nature. He has contributed to the understanding of urban life and transnational networks, and the role of media, paradoxes of identity and new forms of community, suggesting to see culture in terms of flows rather than as bounded entities. Contributions honor Hannerz' legacy by addressing theoretical, epistemological, ethical and methodological challenges facing anthropological inquiry
