

1. Record Nr.	UNINA9910481149903321
Titolo	2720-2021 - IEEE Guide for Rail Potential Management for DC Electrification Systems // Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	[Place of publication not identified] : , : IEEE, , 2021
ISBN	1-5044-7595-X
Descrizione fisica	1 online resource
Disciplina	621.381537
Soggetti	Switching theory
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This guide will provide a description of the concepts, applicable standards, and methods used for the calculation and management of rail potential on dc-electrified rail transit systems.
