Sommario/riassunto	Journal of Earth Science (formerly Journal of China University of Geosciences) is published since 1990 by China University of Geosciences. The bimonthly English journal strives to cover all branches of geology and related technology in the exploration and utilization of earth resources, namely, geology, petrology, mineralogy, ore deposit geology, tectonics, paleontology, stratigraphy, sedimentology, geochemistry, geophysics, environmental sciences, etc. Submissions of original articles in English from scientists both in China and around the World on relevant subjects are welcome. All articles are reviewed by two or more referees for scholarly presentation, technical merit, quality of scientific content, and utility of the results for practicing geologists.
