Sommario/riassunto

With its colourful beak and fast, whirring flight, the Atlantic Puffin is the most recognisable and popular of all North Atlantic seabirds. Puffins spend most of the year at sea, but for a few months of the year they come to shore, nesting in burrows on steep cliffs or on inaccessible islands. Awe-inspiring numbers of these birds can sometimes be seen bobbing on the sea or flying in vast wheels over the colony, bringing fish in their beaks back to the chicks. However, the species has declined sharply over the last decade; this is due to a collapse in fish stocks caused by overfishing and global

Sommario/riassunto	In this book, Jared Kant discusses his own experiences with OCD, and the disruption & distress that it brought to his life as an adolescent. Combining this personal story with a candid & easy-to-understand description of the science behind OCD, Kant also provides the facts that young people diagnosed with OCD need.
