   Sommario/riassunto The two-volume set LNAI 7894 and LNCS 7895 constitutes the refereed
                       proceedings of the 12th International Conference on Artificial
                       Intelligence and Soft Computing, ICAISC 2013, held in Zakopane,
                       Poland in June 2013. The 112 revised full papers presented together

with one invited paper were carefully reviewed and selected from 274 submissions. The 57 papers included in the first volume are organized in the following topical sections: neural networks and their applications; fuzzy systems and their applications; pattern classification; and computer vision, image and speech analysis.
