Nota di contenuto	Introduction -- Opening of the Vietnamese economy: Achievements and challenges -- Public administration reform: Efforts and reality -- From state to market: Evolving ownership and corporate governance in Vietnam -- Labour and special economic zones -- Vietnamese political economy in an East Asian and international perspective -- Environmental impact -- Conclusion.
Sommario/riassunto	This book presents an overview of political economic change in Vietnam during a period of significant social and economic change and an era of international turbulence. It combines various political economic perspectives to offer an integrated and comprehensive review of Vietnam's recent development, discussing topics such as public administrative reform, labour markets and special economic zones, environmental management and other important contemporary issues.

This concise and highly readable book includes a considerable amount of research, and as such provides valuable insights for scholars and researchers interested in political economic change and in Vietnam.
