1. Record Nr.            UNINA9910483476903321

   Titolo                Security and Trust Management : 12th International Workshop, STM 2016, Heraklion, Crete, Greece, September 26-27, 2016, Proceedings / / edited by Gilles Barthe, Evangelos Markatos, Pierangela Samarati

   Pubbl/distr/stampa    Cham : , : Springer International Publishing : , : Imprint : Springer, , 2016

   ISBN                  3-319-46598-8

   Edizione              [1st ed. 2016.]

   Descrizione fisica    1 online resource (X, 229 p. 59 illus.)

   Collana               Security and Cryptology ; ; 9871

   Disciplina            005.8

   Soggetti              Computer security
                         Management information systems
                         Computer science
                         Data encryption (Computer science)
                         Application software
                         Computers and civilization
                         Systems and Data Security
                         Management of Computing and Information Systems
                         Cryptology
                         Information Systems Applications (incl. Internet)
                         Computers and Society

   Lingua di pubblicazione   Inglese

   Formato               Materiale a stampa

   Livello bibliografico Monografia

   Nota di bibliografia  Includes bibliographical references and index.

   Nota di contenuto     Personal Security Device -- Privacy Analysis -- Linked Data -- Secure logs -- Information Security -- Security Policies.

   Sommario/riassunto    This book constitutes the refereed proceedings of the 12th International Workshop on Security and Trust Management, STM 2016, held in Heraklion, Crete, Greece, in September 2016, in conjunction with the 21st European Symposium Research in Computer Security, ESORICS 2016. The 13 full papers together with 2 short papers were carefully reviewed and selected from 34 submissions. the focus on the workshop was on following topics: access control, data protection, mobile security, privacy, security and trust policies, trust models. .
