Nota di bibliografia	Includes index.
Nota di contenuto	Wireless Communication System -- Algorithms Optimization and Implementation -- Satellites and Remote Sensing -- Big Data Workshop.
Sommario/riassunto	This book collects selected papers from the 7th Conference on Signal and Information Processing, Networking and Computers held in Yantai, China held in September, 2020. The book focuses on the current works of information theory, communication system, computer science, aerospace technologies and big data and other related technologies. People from both academia and industry of this field can contribute and find their interests from the book. The 7th International Conference on Signal and Information Processing, Networking and Computers (ICSINC) will held in Yantai, China held in September, 2020, which focuses on the key technologies and challenges of signal and information processing schemes, network application, computer theory, space technologies, big data and other related technologies. .
