Sommario/riassunto	For many years, the history of Byelorussia under Nazi occupation was written primarily from the perspective of the resistance movement. This movement, a reaction to the brutal occupation policies, was very strong indeed. Still, as the author shows, there existed in Byelorussia a whole web of local institutions and organizations which, some willingly, others with reservations, participated in the implementation of various

aspects of occupation policies. The very sensitivity of the topic of collaboration has prevented researchers from approaching it for many years, not least because in the fo

Education -- Chapter 9 Compulsory Education Policy in China: From the Perspective of the Supervision Policy -- Chapter 10 Compulsory Education Policy in China: From the Perspective of the Quality and Balanced Development Policy.

Sommario/riassunto

This book explores the overall landscape of compulsory education policy development in China from multiple perspectives to uncover the stages, features, problems and suggestions in Chinese compulsory education system, locally, nationally and internationally. In addition, this book also presents specific historical educational policy shifts for policymakers and stakeholders to investigate the compulsory education strategy over the long term. Specifically, the Chinese compulsory education policy landscape involves investigating changes to the legal environment, management policies, as well as practices for teachers and curriculum and teaching materials. These discussions contribute to the readers' comprehensive and systematic understanding of compulsory education policy development in contemporary China.
