

1. Record Nr.	UNINA9910483672803321
Titolo	Global cleft care in low-resource settings // Jordan W. Swanson, editor ; David W. Low, illustrator
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2021] ©2021
ISBN	3-030-59105-0
Descrizione fisica	1 online resource (xxx, 585 pages) : illustrations
Disciplina	617.522
Soggetti	Cleft lip - Surgery Cleft palate - Surgery Fissura labial Cirurgia maxil-lofacial Persones desfavorides Llibres electrònics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Intro -- Foreword -- Foreword -- Preface -- Acknowledgments -- Contents -- Case Studies in Cleft Surgery -- About the Editors -- Editor -- Illustrator -- Section Editors -- Contributors -- Part I: Introduction to Global Cleft Care -- 1: Introduction: A Paradigm Shift in Global Cleft Care -- Five Forces Shaping Global Cleft Care -- Surgery as Public Health -- Locally Delivered Cleft Care -- Focus on Achieving Great Patient Outcomes -- Innovation Borne of Low-Resource Settings -- The Conundrum of Evidence-Based Medicine -- References -- 2: Burden of Cleft Disease and Opportunity for Impact -- Introduction -- Defining Cleft Conditions -- The Burden of Cleft Disease -- Epidemiology -- Outcomes for Cleft Patients -- Economics of Cleft Care -- Approaches to Cleft Care -- Defining Adequate Cleft Care -- Methods of Reaching Untreated or Undertreated Patients -- The Potential Impact of Cleft Care -- References -- 3: Patient Barriers to Care -- Introduction -- Availability of Care (Supply) -- Workforce -- Infrastructure -- Affordability and Acceptability of Surgical Care (Demand) -- Affordability -- Acceptability -- Conclusion -- References

-- 4: Innovations in Reaching Patients -- Introduction -- Design Thinking -- Examples from the Field -- Cleft Lip and Palate -- Patient Accompaniment: Partners in Health and Operation Smile Honduras -- Problem Statement -- Program Overview -- Why It Works -- Enhancing the Patient Experience: Operation Smile, Madagascar -- Problem Statement -- Program Overview -- Why It Works -- Primary Care -- Nuka System of Care: Southcentral Foundation, Alaska, United States -- Problem Statement -- Program Overview -- Why It Works -- Community Health Workers: Last Mile Health, Liberia -- Problem Statement -- Program Overview -- Why it Works -- Infectious Disease. Community-Based Surveillance System: CORE Group Polio Project, South Sudan -- Problem Statement -- Program Overview -- Why It Works -- Conclusion & -- Key Takeaways -- References -- Part II: Patient and Cleft Assessment -- 5: Patterns, Anatomy, and Classification of Clefts -- Introduction -- Epidemiology -- Patterns of Cleft Lip and Palate -- Syndromic Clefts -- Racial and Ethnic Epidemiologic Variations -- Embryology -- The Gene-Environment Interplay -- Facial Development -- Clefts as Failure of Fusion Events -- Cleft-Related Anatomy -- Nose: Tip, Alae, Columella, Nasal Sill, Paranasal Muscles -- Palate -- Classification -- Severity Classification -- Patterns -- Unilateral Cleft Lip and Palate (UCLPA): Main Features -- Bilateral Cleft Lip and Palate (BCLPA): Main Features -- Cleft Palate: Main Features -- References -- 6: Early Nutrition, Feeding and Management of Infants with an Oral Cleft -- Introduction -- Feeding Guidance for Patients with Cleft Lip/Palate -- Normal Feeding -- Feeding Duration and Amounts -- Initial Feeding Assessment -- Specific Feeding Problems of Infants with CL+/ P -- Cleft Lip -- Cleft Palate with or Without Cleft Lip -- Assisted Breast/Bottle Feeding and Devices -- Breastfeeding -- Modified Bottles -- Oral Plates/Obturator -- Nasogastric (NG) Feeding -- Oral Hygiene -- Positioning and Winding/Burping -- Sources of Milk and Milk Alternatives -- Weaning -- Nutrition and Growth Assessment -- Growth Measurement -- Weight Measure -- Length Measure -- Head Circumference Measure -- Mid-Upper Arm Circumference (MUAC) Measure -- Malnourishment: Diagnosis and Management -- Perioperative Feeding Considerations -- Preoperative Nutritional Assessment -- Postoperative Feeding -- References -- 7: Surgical Evaluation, Diagnosis, and Treatment Planning -- Introduction -- Surgical Diagnosis and Cleft Care Plan -- Cleft Diagnosis. Surgical Treatment Pathway -- Surgical Patient Screening and Specific Treatment Plan -- Prioritizing Patients -- Structuring Safe Surgery in the Mission/Outreach Setting -- Surgical Schedule -- Avoiding Complications -- Postoperative Care Planning -- References -- 8: Pediatric and Anesthesiologic Evaluation -- Introduction -- Overall Health and Nutrition -- Ruling Out Syndromic Conditions and/or Associated Congenital Anomalies -- Cleft Palate and Pierre Robin Sequence -- Preoperative Assessment of the CLP Patient -- Review of Systems: Medical History -- Review of Systems: Physical Examination -- Further Workup: Laboratory and Imaging Studies -- CLP Surgery, Anesthesia, and Comorbidities -- Ruling Out Concurrent Infections -- Otitis Media -- Respiratory Tract Infections (RTIs) -- RTIs and the CLP Surgical Patient -- Other Respiratory Comorbidities -- Asthma -- Obstructive Sleep Disorders (OSDs) -- Surgical Timing and Surgical Readiness -- References -- Part III: Complete Surgical Treatment -- 9: Anesthesia for Patients with Cleft Lip and Palate -- Introduction -- Anesthesia Challenges -- Epidemiological Public Health Issues -- Timing of Surgery and Anesthesia Implications -- Preoperative Assessment -- Upper Respiratory Tract Infection (URI) -- Nutrition

and Hydration -- Associated Conditions and Anesthesia Implications --  
Airway Management: Relevant Facts for Surgeons -- Antibiotic  
Prophylaxis -- Anesthesia Technique -- Intraoperative  
and Postoperative Pain Management -- General Consideration --  
Regional Anesthesia in Cleft Surgery -- Infraorbital Nerve Block --  
Palatal Nerve Blocks -- Bilateral Maxillary Nerve Block by  
Suprazygomatic Approach -- Particular Considerations -- CL Repair --  
Primary CP repair -- Secondary CP Repair -- Alveolar Bone Graft  
Surgery -- Secondary Correction of Nasal Deformities in CLP Patients:  
Open Rhinoplasty.  
Orthognathic Surgery -- Conclusion -- Bibliography -- 10: Principles  
of Cleft Lip Repair -- Introduction -- Aesthetics and Functional  
Considerations -- Timing of Repair, Nasoalveolar Molding, and Lip  
Adhesion -- Cleft Lip Adhesion -- Timing of Definitive Repair --  
Technical Considerations -- Anatomic Subunits of the Nose and Lip --  
Cleft Severity and Tension of Repair -- Nasal Floor Repair --  
Rhinoplasty at Primary Lip Repair -- Revisions -- Conclusions --  
References -- 11: Unilateral Cleft Lip repair: Rotation-Advancement  
Technique -- Introduction -- Patient Selection and Clinical Planning --  
Timing of Surgery -- Operative Planning -- Relevant Surface Anatomy  
-- Key Equipment -- Anesthesia -- Procedural Technique -- Incisions  
on the Non-cleft Side -- Mohler's Incision (Fig. 11.2) -- Simple  
Rotation Incision (Fig. 11.3) -- Adequate Rotation -- Muscle Dissection  
on the Rotation Flap -- C-Flap and Footplate of Medial Crura -- Nasal  
Septal Dissection -- Incisions on the Cleft Side -- L-Mucosal Flap --  
Inferior Turbinate Flap -- Incision and Dissection -- Removal of Fat Pad  
Under the Vestibulum -- Elevation of Orbicularis Marginalis Flap --  
Nasal Floor Reconstruction and Alar Base Repositioning -- Lip Repair  
with Anterior Palate Repair -- Lip Repair Without Anterior Palate Repair  
-- Sequence of Operation When an Anterior Palate Repair Is Combined  
with Lip Repair -- Closure of the Base of Columella -- Muscle  
Reconstruction -- Insertion of the WSR Flap -- Incisions for Triangular  
Vermillion Flap -- Closure of the Free Border of the Lip -- Closure  
of the Nasal Floor and the Lip Skin -- Semi-open Rhinoplasty --  
Incision -- Release of Fibrofatty Tissue from LLCs -- Repositioning  
of LLCs -- Trimming the Excessive Skin -- Primary Septal Cartilage  
Graft -- Alar Base Position -- Creation of the Alar-Facial Groove --  
Postoperative Care -- Wound Care.  
Stitch Removal -- Aftercare -- Follow-Up and Complication  
Management -- References -- 12: Unilateral Cleft Lip Repair: Modified  
Mohler Technique -- Introduction -- Anatomy -- Preoperative Planning  
-- Surgical Management -- Surgical Approach -- Positioning --  
Markings -- Surgical Technique -- Postoperative Care -- Outcomes --  
Complications -- References -- 13: Unilateral Cleft Lip Repair:  
Anatomic Subunit Approximation Technique -- Introduction --  
Principles -- Technique -- Plan -- Lip Points -- Nose Points -- Medial  
Markings: Connect the Dots -- Lateral Lip Vermillion Flap --  
Determining Base Width of Lateral Lip Inferior Triangle Flap -- Fitting  
the Lateral Lip Markings to the Available Lateral Lip Height --  
Connecting the Two Sides -- Surgical Release and Re-measure --  
Component Reconstruction -- Final Closure -- Case Examples --  
References -- 14: Bilateral Cleft Lip Repair -- Introduction -- Goals  
of Surgery -- Timing and Indications for Surgery -- Our Technique  
for Bilateral Complete Cleft Lip Repair -- Patient Preparation and Setup  
-- Markings (Fig. 14.1) -- We Start by Making the Markings  
on the Prolabium -- Markings on the Lateral Lip Elements -- Surgery:  
the Execution of Your Plan -- Creation of the Philtral Tie and Posterior  
Wall of the Upper Buccal Sulcus -- Incision of the Lateral Lip Markings

-- Release of the Lateral Lip Elements and Alar Bases -- Muscle Release  
-- Evaluation of Alar Base Position with Muscle Closure -- Closure  
of the Lip Mucosa -- Muscle Repair -- Anterior Closure of the Lip Skin  
and Vermillion -- Primary Nasal Correction -- Postoperative Care --  
References -- 15: Secondary Cleft Lip Repair -- Introduction -- Patient  
Selection and Clinical Planning -- Timing of Surgery -- Planning  
Surgery -- Relevant Anatomy -- Key Equipment -- Anesthesia --  
Procedural Technique -- Unilateral Cleft Lip Deformities.  
Clinical Examples of Unilateral Cleft Lip Deformities.

2. Record Nr.	UNISALENTO991002856699707536
Autore	Kruta, Venceslas
Titolo	I celti occidentali / Venceslas Kruta ; fotografie di Werner Forman
Pubbl/distr/stampa	Novara : Istituto geografico De Agostini, 1986
Descrizione fisica	126 p. : ill. ; 30 cm
Collana	Echi dal mondo antico
Altri autori (Persone)	Forman, Werner
Disciplina	940.0491
Soggetti	Celti - Civiltà Arte celtica
Lingua di pubblicazione	Italiano
Formato	Materiale a stampa
Livello bibliografico	Monografia

3. Record Nr.	UNINA9910297426403321
Autore	Thompson Mary Kathryn
Titolo	ANSYS mechanical APDL for finite element analysis // Mary Kathryn Thompson, John Martin Thompson
Pubbl/distr/stampa	Oxford, England : , : Butterworth-Heinemann, , 2017 ©2017
ISBN	0-12-813110-1 0-12-812981-6
Descrizione fisica	1 online resource (448 pages) : illustrations, tables
Disciplina	620.00151535
Soggetti	Finite element method
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
