   Sommario/riassunto   This book constitutes revised and extended selected papers of the
                        Third IEEE Colombian Conference, ColCACI 2020, held in Cali,
                        Colombia, August 2020. Due to the COVID-19 pandemic the
                        conference was held online. The12 full papers presented were carefully
                        reviewed and selected from 65 submissions. The papers are organized
                        in topical sections on earth sciences applications; biomedical and
                        power applications; alternative proposals and its applications.
