

1. Record Nr.	UNINA9910483844303321
Titolo	Practical Management of Systemic Sclerosis in Clinical Practice // edited by Marco Matucci-Cerinic, Christopher P. Denton
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2021
ISBN	3-030-53736-6
Edizione	[1st ed. 2021.]
Descrizione fisica	1 online resource (VII, 399 p. 38 illus., 30 illus. in color.)
Collana	In Clinical Practice, , 2199-6660
Disciplina	616.544
Soggetti	Rheumatology Immunology Primary care (Medicine) Nephrology Gastroenterology Primary Care Medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Scleroderma Renal Crisis and Acute Kidney Injury -- Chronic Kidney Disease in Scleroderma -- Anemia -- Breathlessness -- Fatigue -- Itch -- Pain and Tenosynovitis, Tendon Friction Rubs -- Raynaud's -- Critical Ischemia -- Digital Ulcers -- Lower Limb Ulcers -- Decline in PFT -- Arrhythmias -- Pericardial and Pleural Effusion -- Constipation -- Incontinence -- Bloating -- GE reflux -- Diarrhea -- Watermelon Stomach -- Malnutrition -- Calcinosis -- Pregnancy -- Sicca Syndrome -- Sexual dysfunction -- Transitional care for juvenile onset systemic sclerosis -- Assessment for HSCT -- Very early disease - VEDOSS type case -- Primary Biliary Cholangitis -- Hand Arthritis -- Contractures -- Tendon Friction Rubs -- Interpretation of the Modification of Laboratory Parameters. .
Sommario/riassunto	This book provides a practical guide for managing a variety of problems encountered by the clinician in managing patients with systemic sclerosis. Chapters take a problem-orientated approach to help the reader cut through potential barriers that can arise when working with different medical specialities. Management strategies for

a broad range of conditions, including pericardial and pleural effusion, sicca syndrome, calcinosis and watermelon stomach, are presented. Practical Management of Systemic Sclerosis in Clinical Practice describes a range of problems and clinical items encountered by a variety of medical professionals who encounter these patients. It is a valuable resource for rheumatologists, immunologists, specialist nurses and primary care professionals. .
