

1. Record Nr.	UNINA9910483860303321
Titolo	Knowledge-Based Intelligent Information and Engineering Systems : 10th International Conference, KES 2006, Bournemouth, UK, October 9- 11 2006, Proceedings, Part I / / edited by Bogdan Gabrys
Pubbl/distr/stampa	Berlin, Heidelberg : , : Springer Berlin Heidelberg : , : Imprint : Springer, , 2006
ISBN	3-540-46536-7
Edizione	[1st ed. 2006.]
Descrizione fisica	1 online resource (CXXXII, 1300 p.)
Collana	Lecture Notes in Artificial Intelligence, , 2945-9141 ; ; 4251
Altri autori (Persone)	GabrysBogdan HowlettRobert J. <1954-> JainL. C
Disciplina	006.3
Soggetti	Artificial intelligence Application software Information storage and retrieval systems Information technology - Management Computers and civilization Electronic data processing - Management Artificial Intelligence Computer and Information Systems Applications Information Storage and Retrieval Computer Application in Administrative Data Processing Computers and Society IT Operations
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Generic Intelligent Systems -- Applications of Intelligent Systems -- Invited Session Papers -- Invited Sessions.
Sommario/riassunto	Delegates and friends, we are very pleased to extend to you the sincerest of welcomes to this, the 10th International Conference on Knowledge Based and Intelligent Information and Engineering Systems at the Bournemouth International Centre in Bournemouth, UK, brought to you by KES International. This is a special KES conference, as it is the

10th in the series, and as such, it represents an occasion for celebration and an opportunity for reflection. The first KES conference was held in 1997 and was organised by the KES conference founder, Lakhmi Jain. In 1997, 1998 and 1999 the KES conferences were held in Adelaide, Australia. In 2000 the conference moved out of Australia to be held in Brighton, UK; in 2001 it was in Osaka, Japan; in 2002, Crema near Milan, Italy; in 2003, Oxford, UK; in 2004, Wellington, New Zealand; and in 2005, Melbourne, Australia. The next two conferences are planned to be in Italy and Croatia. Delegate numbers have grown from about 100 in 1997, to a regular figure in excess of 500. The conference attracts delegates from many different countries, in Europe, Australasia, the Pacific Rim, Asia and the Americas, and may truly be said to be 'International'. Formed in 2001, KES International has developed into a worldwide organisation that provides a professional community for researchers in the discipline of knowledge-based and intelligent engineering and information systems, and through this, opportunities for publication, networking and interaction.
