Sommario/riassunto

This book constitutes the refereed proceedings of the 29th Annual IFIP
WG 11.3 International Working Conference on Data and Applications
Security and Privacy, DBSec 2015, held in Fairfax, VA, USA, in July 2015.
The 18 revised full papers and 6 short papers presented were carefully
reviewed and selected from 45 submissions. The papers are organized
in the following topical sections: data anonymization and computation;
access control and authorization; user privacy; authentication and
information integration; privacy and trust; access control and usage
policies; network and internet security; and information flow and
inference.
