Sommario/riassunto

Extrait : "Pour moi, j'étais encore sur l'île, ou plutôt sur la baleine, lorsqu'elle se plongea dans la mer, et je n'eus que le temps de me prendre à une pièce de bois qu'on avait apportée du vaisseau pour faire du feu. Cependant le capitaine, après avoir reçu sur son bord les gens qui étaient dans la chaloupe, et recueilli quelques-uns de ceux qui nageaient, (...), il fit hisser les voiles, et m'ôta par-là l'espérance de gagner le vaisseau..."

Nota di contenuto	1. The Supreme Court and Judicial Power -- 2. The Presidency and Presidential Power -- 3. Congress and Congressional Power -- 4. Federalism and Federal-State Relations -- 5. Americans' Economic Rights.
Sommario/riassunto	This book examines leading Supreme Court decisions involving the powers of the Court, the president, and Congress, as well as cases addressing American federalism and Americans' economic rights. By analyzing both the Court's opinions and voting patterns from 1791 through 2018, this volume presents an overview of the role of the Supreme Court in the legal and political system of the United States throughout its entire history, regularly relying on Robert McCloskey's theory of the nation's three major constitutional eras and the Supreme Court Database in its organizational approach. Over 100 of the Supreme Court's most significant rulings, old and new, are covered and clarified in this volume to provide an objective, reliable, and valuable resource for students, academics, legal professionals, and the general public alike. Charles M. Lamb is Research Professor in the Department of Political Science at the University at Buffalo, SUNY, USA Jacob R. Neiheisel is Associate Professor in the Department of Political Science at the University at Buffalo, SUNY, USA.

3. Record Nr.	UNINA990010072830403321
