

1. Record Nr.	UNINA9910484037303321
Titolo	Shaping the Breast : A Comprehensive Approach in Augmentation, Revision, and Reconstruction // edited by Kiya Movassaghi
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2021
ISBN	3-030-59777-6
Edizione	[1st ed. 2021.]
Descrizione fisica	1 online resource (XIII, 131 p. 172 illus., 171 illus. in color.)
Disciplina	618.190592
Soggetti	Surgery, Plastic Plastic Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Chapter 1. Shaping the Breast: Optimizing Outcomes in Breast Augmentation -- Chapter 2. Shaping the Breast in Augmentation Mastopexy -- Chapter 3. Composite Breast Augmentation.-Chapter 4. Optimizing Aesthetics with Reconstructive Breast Surgery -- Chapter 5. Shaping the Breast: Managing Complex Breast Issues.
Sommario/riassunto	This book fills the gap for lack of a precise roadmap to approach the fundamentals of implant-based breast surgery to achieve optimal results. Despite the vast number of publications on breast surgery, there is a deficit in easy to process yet detailed source of information which brings all of the concepts together. With observation, surgical experience, and better devices the approach to implant-based breast surgery must evolve from "volumizing" the breast to "shaping" the breast. In a concise and accessible fashion, Shaping the Breast covers the best practices in breast surgery covering topics of primary augmentation, augmentation mastopexy, composite augmentation, revision breast surgery and breast reconstruction. In a methodical and logical approach, it provides the successful pillars for reproducible outcomes which includes patient assessment, bi-dimensional planning, surgical techniques and patient care along with pearls and pitfalls. It includes dozens of before and after images alongside case studies to illustrate the management of variety of complex issues. .
