

1. Record Nr.	UNINA9910484048503321
Titolo	Security Protocols XXII : 22nd International Workshop, Cambridge, UK, March 19-21, 2014, Revised Selected Papers // edited by Bruce Christianson, James Malcolm, Vashek Matyáš, Petr Švenda, Frank Stajano, Jonathan Anderson
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2014
ISBN	3-319-12400-5
Edizione	[1st ed. 2014.]
Descrizione fisica	1 online resource (XI, 373 p. 40 illus.)
Collana	Security and Cryptology ; ; 8809
Disciplina	005.8
Soggetti	Computer security Data encryption (Computer science) Computer networks Management information systems Computer science Systems and Data Security Cryptology Computer Communication Networks Management of Computing and Information Systems
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Preface -- Introduction: Collaborating with the Enemy (Transcript of Discussion) -- Why Bother Securing DNS? -- Why Bother Securing DNS? (Transcript of Discussion) -- Collaborating as normal: detecting systemic anomalies in your partner -- Collaborating as normal: detecting systemic anomalies in your partner (Transcript of Discussion) -- Remark!: A Secure Protocol for Remote Exams -- Remark!: A Secure Protocol for Remote Exams (Transcript of Discussion) -- Red Queen's Race: APT win-win game -- Red Queen's Race: APT win-win game (Transcript of Discussion) -- Non-collaborative Attackers and How and Where to Defend Flawed Security Protocols (Extended Version) -- Non-collaborative attackers and how and where to defend vulnerable security protocols (Transcript of Discussion) -- Dancing with the

Adversary: A Tale of Wimps and Giants -- Dancing with the Adversary: a Tale of Wimps and Giants (Transcript of Discussion) -- Better authentication: password revolution by evolution -- Better authentication password revolution by evolution (Transcript of Discussion) -- Collaborating with the enemy on network management -- Collaborating with the enemy on network management (Transcript of Discussion) -- Bootstrapping Adoption of the Pico Password Replacement System -- Bootstrapping adoption of the Pico password replacement system (Transcript of Discussion) -- I Bought a New Security Token and All I Got Was This Lousy Phish — Relay Attacks on Visual Code Authentication Schemes -- Relay attacks on visual code authentication schemes (Transcript of Discussion) -- Censorship Resistance as a Side-Effect -- Censorship Resistance as a Side-Effect (Transcript of Discussion) -- On the Feasibility of a Technological Response to the Surveillance Morass -- On the Feasibility of a Technological Response to the Surveillance Morass (Transcript of Discussion) -- Strange Bedfellows: How and When to Work with Your Enemy -- Preface V -- Strange Bedfellows: How and When to Work with Your Enemy (Transcript of Discussion) -- On the Key Role Intelligence Agencies can play to Restore our Democratic Institutions -- On the Key Role Intelligence Agencies can play to Restore our Democratic Institutions (Transcript of Discussion) -- On node capturing attacker strategies -- On node capturing attacker strategies (Transcript of Discussion) -- On the reliability of network measurement techniques used for malware traffic analysis -- On the reliability of network measurement techniques used for malware traffic analysis (Transcript of Discussion) -- Beyond Trust -- Beyond Trust (Transcript of Discussion) -- Fawkescoin A cryptocurrency without public-key cryptography -- FawkesCoin: A cryptocurrency without public-key cryptography (Transcript of Discussion).

Sommario/riassunto

This book constitutes the thoroughly refereed post-workshop proceedings of the 22nd International Workshop on Security Protocols, held in Cambridge, UK, in March 2014. The volume contains 36 revised papers with transcripts of the presentation and workshop discussion and an introduction. The theme of this year's workshop is "Collaborating with the Enemy".
