	Titolo	A book of dravving, limning, vvashing or colouring of maps and prints [[electronic resource]] : and the art of painting, with the names and mixtures of colours used by the picture-drawers. Or, The young-mans time well spent. In which he hath the ground-work to make him fit for doing any thing by hand, when he is able to draw well. By the use of this work, you may draw all parts of a man, leggs, armes, hands and feet, severally and together. And directions for birds, beasts, landskips, ships, and the like. Moreover, grounds to lay silver or gold upon; and how silver or gold shall be laid or limned upon size; and the way to temper gold and silver, and other mettals, and divers kinds of colours, to write, or to limne withal upon vellum, parchment, or paper, and how to lay them upon the work which thou intendest to make; and how to varnish it when thou hast done. How also to diaper and shadow things, and to highten them, to stand off: to deepen them, and make them glister. In this book you have the necessary instruments for drawing, and the use of them; and how to make artificial pas

Sommario/riassunto	This book constitutes the refereed joint proceedings of the 6th Joint International Workshop on Computing and Visualization for

Intravascular Imaging and Computer Assisted Stenting, CVII-STENT 2017, and the Second International Workshop on Large-Scale Annotation of Biomedical Data and Expert Label Synthesis, LABELS 2017, held in conjunction with the 20th International Conference on Medical Imaging and Computer-Assisted Intervention, MICCAI 2017, in Québec City, QC, Canada, in September 2017. The 6 full papers presented at CVII-STENT 2017 and the 11 full papers presented at LABELS 2017 were carefully reviewed and selected. The CVII-STENT papers feature the state of the art in imaging, treatment, and computer-assisted intervention in the field of endovascular interventions. The LABELS papers present a variety of approaches for dealing with few labels, from transfer learning to crowdsourcing.
