Sommario/riassunto	Dieses Buch hilft Ihnen, Ihre Denkmechanismen zu hinterfragen und zu verbessern. Fehler und Zufall treiben den Fortschritt an. So entsteht das Neue. Wer es sehen will, braucht Wissen und die Fähigkeit, überraschende Beobachtungen richtig einzuordnen. Es ist jedoch kein Erfolgsrezept, die alten Fehler wieder und wieder zu machen. Lernen Sie aus Ihren Reinfällen und denjenigen der anderen. Weniges wird uns bewusst. Denkmechanismen wirken meist im Verborgenen, ungefragt und blitzschnell. Sie sind bewährt, manchmal aber auch verkehrt. Optische und kognitive Täuschungen, irreführende Statistiken, Paradoxien, Manipulationsversuche lauern überall. Viele Irrwege lassen sich durch den Einsatz von etwas Logik und Mathematik vermeiden. Lernen Sie, wie Sie Warnzeichen erkennen und richtig deuten können, wie weit das von Ihnen oft und meist unbewusst genutzte

Indifferenzprinzip trägt, welche Rolle Analogien bei der Entstehung des Neuen spielen und wann Sie gefahrlos verallgemeinern dürfen.

Sommario/riassunto

This anthology of studies is a follow-up to *Political Humor Worldwide: The Cultural Context of Political Comedy, Satire, and Parody*. It further examines political humor as a distinct sub-discipline of political communication, influenced and shaped by a country’s culture. The book’s contributors, experts drawn from the academic fields of political science, communication, linguistics, sociology, culture studies, political psychology, and others, offer an assortment of studies from multiple disciplinary perspectives. Focusing on political humor in the media, the authors offer a panorama of political humor—including political satire, parody, and cartooning—in Spain, Poland, Montenegro, Turkey, Japan, Australia, Iran, Brazil, Argentina, Malaysia, and Indonesia, among others. They detail political humor’s multifaceted and versatile nature, suggesting that national culture and political humor expressed in the news media are intertwined; thus, understanding political humor requires looking at the cultural landscape of a given country or society. The book helps readers to better understand the factors that shape political humor across the globe in a variety of political and media systems.
