Edizione	[6th ed. 2011.]
Descrizione fisica	1 online resource (XV, 1246p. 1446 illus., 1400 illus. in color. eReference.)
Disciplina	618.1/07
Soggetti	Pathology Gynecology Gynecology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Since the publication of the 1/e in 1977, Blaustein's Pathology of the Female Genital Tract has consolidated its position as the leading textbook of gynecological pathology. An essential reference for all pathologists and residents, this thoroughly updated Sixth Edition includes more than 1400 illustrations in color, informative tables and 22 revised chapters written by internationally recognized experts. Discussion of each specific entity is organized to include general information, etiology, and epidemiology followed by clinical features, pathologic findings, differential diagnosis, clinical behavior, and treatment. This clear organization is applied throughout the book and allows the reader to quickly access key information in every chapter. Blaustein's Pathology of the Female Genital Tract remains the gold-standard reference for practicing pathologists and trainees, as well as for obstetric/gynecology practitioners and residents.
