Nota di contenuto	Introduction -- Chapter 1. Analysing the Practice of Cycling -- Chapter 2. The Practice of Cycling in Switzerland -- Chapter 3. Research Design and Methods -- Chapter 4. Trips -- Chapter 5. Access -- Chapter 6. Skills -- Chapter 7. Motivations -- Chapter 8. Barriers -- Chapter 9. Spaces -- Chapter 10. Policy -- Conclusion.
Sommario/riassunto	This book presents a thorough discussion of utility cycling, cycling in the urban environment, and everyday mobility. It is based on large survey answered by 14,000 participants in the bike to work action in Switzerland, and quantifies the various dimensions of utility cycling. It proposes an innovative theoretical framework to analyse and understand the various dimensions of the uses of bikes and their diversity. It addresses the factors that motivate commuters to get on their bike, and highlights the barriers to this practice between deficient infrastructures and lack of legitimacy. This research makes a diagnosis and discusses the way to develop this sustainable mode of transportation. By combining quantitative results in the form of tables, figures, and maps, and including qualitative results in the form of quotations from survey participants, this book provides a thorough and enjoyable read. It will be of interest to researchers, policy makers, advanced students in the field of urban planning, social sciences, and transportation.

Formato	Musica
Livello bibliografico	Monografia
Sommario/riassunto	<p>In the last decade, no industry has been through as much upheaval and turmoil as the music industry. If you're looking for quick fame and instant success, you're in the wrong field. It's now a democratic, "DIY" business, and any guide to success in these new waters must be told by someone who's already survived them. Giving today's aspiring musicians the practical tools they need to build and maintain a lifelong career, <i>How to Make It in the New Music Business</i> becomes not only a brilliantly compiled tutorial on how to accomplish specific tasks?routing a tour, negotiating contracts, getting paid for Spotify and Pandora plays, or even licensing music to commercials, film, and television?but also a manifesto that encourages musicians to pave their own path. Written in clear, easy-to-follow chapters, Ari Herstand's necessary and definitive handbook promises to redefine what it means to "make it" in the brave new world of professional music.</p>
