Sommario/riassunto	Florence Nightingale: An Introduction to Her Life and Family introduces the Collected Works by giving an overview of Nightingale's life and the faith that guided it and by outlining the main social reform concerns on which she worked from her call to service at age sixteen to old age. This volume reports correspondence (selected from the thousands of surviving letters) with her mother, father and sister and a wide extended family. There is material on Nightingale's domestic arrangements, from recipes, cat care and relations with servants to her contributions to charities, church and social reform causes. Much new and original material comes to light, and a remarkably different portrait of Nightingale, one with a more nuanced view of her family

relationships, emerges.

2. Record Nr.	UNINA9910484818703321

Nota di contenuto	The Phenomenon of Boko Haram Terrorism in Nigeria -- Understanding the Changing Context for Terrorism -- Political Economy of Nigeria -- Evolution, Ideological Foundation and Strategy of Boko Haram in Nigeria -- RC of Boko Haram Terrorism: Socio-Economic Prism -- Conclusion: Responses and Recommendations to End Boko Haram Terrorism.
Sommario/riassunto	This book investigates the socio-economic determinants of the emergence and persistence of Boko Haram terrorism in Nigeria. Since 2009, Boko Haram continues to capture mainstream news headlines, as well as the imagination of aspiring young Salafi-jihadists around the world who support the notion of a radical Islamist socio-political system. By providing an essential overview of the literature on Boko

Haram and bridging research and current events, the authors cover a broad spectrum of topics and suggest relevant policies for addressing the problem of Boko Haram terrorism. While Boko Haram's motivations are ostensibly religious, the primary focus is on socio-economic inequality as one of the main factors that predispose the disillusioned, poverty-driven and jobless populace in the northern regions of Nigeria to take up arms against the state. The insights presented in this book will help researchers and policy-makers alike to understand the emergence of locally focused terrorist groups and insurgencies.
