Record Nr.	UNINA9910484934103321
Titolo	Radiation oncology study guide / / Ravi A. Chandra [and four others], editors
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2021] ©2021
ISBN	3-030-53687-4
Edizione	[Second edition.]
Descrizione fisica	1 online resource (XIV, 667 p.)
Disciplina	616.0757076
Soggetti	Radiology Oncology Radiotherapy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Central Nervous System Tumors Skin Cancer Head and Neck Cancer Lung Cancer Tumors of the Mediastinum Breast Cancer Upper Gastrointestinal Cancers Lower Gastrointestinal Cancers Cancers of the Urinary System Male Genitourinary Cancers Gynecological Cancers Lymphomas Leukemia Soft Tissue Sarcomas and Bone Tumors Pediatric Non-CNS Tumors Clinical Physics and Radiobiology Palliation.
Sommario/riassunto	Now in its second edition, this popular text remains a comprehensive study and review aid for the radiation oncology trainee and practicing radiation oncologist. The updated Radiation Oncology Study Guide, 2e maintains its robust Q&A format, and has been comprehensively updated to include the latest staging information and treatment methods. Answer rationales have been modified to a more readable, high yield bulleted format. Each chapter covers a major disease site and is divided into two main parts: Questions & Answers and Rationale. Questions review the scope of clinical practice, spanning from initial presentation to complications of treatment. General content and work- up questions emphasize "pearls" of epidemiology, anatomy, pathology, clinical presentation, and staging. Treatment content questions not only review evidence-based data guiding treatment recommendations,

1.

but also practical aspects of radiation treatment planning, pertinent radiobiology and physics, and complications of treatment. This book is an ideal resource for physicians-in-training to prepare for initial written and oral exams and physicians in practice to maintain their skills and prepare for maintenance of certification longitudinal and written exams.
