

1. Record Nr.	UNINA9910484947103321
Titolo	Practical genitourinary pathology : frequently asked questions // Ximing J. Yang, Ming Zhou, editors
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2021] ©2021
ISBN	3-030-57141-6
Edizione	[1st ed. 2021.]
Descrizione fisica	1 online resource (IX, 298 p. 279 illus. in color.)
Collana	Practical anatomic pathology
Disciplina	616.6075
Soggetti	Genitourinary organs - Diseases - Diagnosis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Kidney Tumor -- Upper Urinary Tract Pathology -- Bladder Cancer -- Urethra -- Prostate Pathology -- Testis and Paratesticular Lesions -- Penis and Scrotum -- Adrenal Gland Pathology.
Sommario/riassunto	This book serves as a practical guide and provides updates in Genitourinary (GU) Pathology. By using a "Questions and Answers" format, it addresses frequently encountered diagnostic challenges in daily practice for pathologists. Emphasis is placed on diagnosis and differential diagnosis based on morphological characteristics, clinicopathologic correlation, and interpretation of immunohistochemical and other ancillary tests. Concise answers to each question are provided by experts in the field accompanied by ample high quality illustrations and updated references. This book includes common and rare benign and malignant conditions in the GU system, covering the entire genitourinary system including the prostate, kidney, bladder, testis, urethra, ureter, penis and adrenal. It also reviews current topics, controversies and diagnostic dilemmas in diagnostic GU pathology. Practical Genitourinary Pathology serves as a quick reference for busy practicing pathologists, pathologists in training, urologists, medical students, and other physicians with questions of genitourinary conditions.
