The Procedural Guarantees of Suspected or Accused Minors in Criminal Proceedings by Francisco Javier Garrido Carrillo and Jorge Jiménez Martín.

---

Sommario/riassunto

Adopting a practical perspective, this book provides a comprehensive analysis of the Directives adopted by the European Union concerning the rights of and safeguards for suspected and accused persons in criminal proceedings. It is the result of a collaboration between scholars and legal practitioners, and the first work of its kind to examine all relevant rights and safeguards in a single volume. The book offers readers panoramic, functional and in-depth insights into the EU legal framework and related European case law, and highlights the main issues and gaps identified by the authors in legal practice. In addition, it provides recommendations, guidelines and effective solutions applicable to criminal proceedings.
