Nota di contenuto	1. Introduction -- 2. Digital Culture and the New Modernity -- 3. Electronic Literature -- 4. Interactivity and the Illusion of Choice -- 5. Digital Materiality and the Politics of the Screen -- 6. Towards a Digital Poetics.
Sommario/riassunto	We live in an age where language and screens continue to collide for creative purposes, giving rise to new forms of digital literatures and literary video games. Towards a Digital Poetics explores this relationship between word and computer, querying what it is that makes contemporary fictions like Dear Esther and All the Delicate Duplicates-both ludic and literary-different from their print-based predecessors.
