   Sommario/riassunto   This book presents the outcomes of the 2020 International Conference
                        on Cyber Security Intelligence and Analytics (CSIA 2020), an
                        international conference dedicated to promoting novel theoretical and
                        applied research advances in the interdisciplinary field of cyber
                        security, particularly focusing on threat intelligence, analytics, and
                        countering cyber crime. The conference provides a forum for
                        presenting and discussing innovative ideas, cutting-edge research
                        findings, and novel techniques, methods and applications on all
                        aspects of Cyber Security Intelligence and Analytics. The 2020
                        International Conference on Cyber Security Intelligence and Analytics
                        (CSIA 2020) is held at Feb. 28-29, 2020, in Haikou, China, building on
                        the previous successes in Wuhu, China (2019) is proud to be in the 2nd
                        consecutive conference year.
