Sommario/riassunto	This book investigates the endogenous forces in the relation of "One Belt and One Road" and educational development in China. The conceptual framework of analyzing the relations offers an in-depth understanding of the vocational education, higher education system, and basic education system, locally, nationally, and internationally. The current situations, problems, and strategies of addressing the relation

of “One Belt and One Road” and educational development in China have been explored in this book.
