

1. Record Nr.	UNINA9910488715003321
Titolo	Complex regional pain syndrome : a clinical guide // Erin F. Lawson, Joel P. Castellanos, editors
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2021] ©2021
ISBN	3-030-75373-5
Descrizione fisica	1 online resource (350 pages)
Disciplina	616.0472
Soggetti	Pain - Treatment Pain - Treatment - Decision making Dolor Terapèutica Llibres electrònics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Intro -- Preface -- Acknowledgments -- Contents -- Contributors -- Part I: CRPS Basics -- 1: Complex Regional Pain Syndrome: An Introduction -- Introduction -- Diagnosis -- Epidemiology -- Risk Factors -- Pathophysiology -- Sympathetically Maintained Pain -- Peripheral Sensitization -- Central Sensitization -- Acute-Warm-Peripheral CRPS Versus Chronic-Cold-Central CRPS -- Oxidative Stress -- Autoimmunity -- Central Nervous System Alterations -- Psychological Mechanisms -- Natural History -- Acute Versus Chronic -- CRPS Spread -- Conclusions -- References -- 2: Peripheral Injury and CRPS -- Peripheral Sensitization -- Inflammatory Processes in CRPS -- CRPS and Brain Plasticity -- References -- 3: Differential Diagnosis of Complex Regional Pain Syndrome -- Introduction -- Neurologic -- Nerve Entrapment Syndromes -- Carpal Tunnel Syndrome -- Distal Symmetric Polyneuropathies -- Diabetic Polyneuropathy -- HIV Polyneuropathy -- Postherpetic Neuralgia -- Neurogenic Claudication -- Central Post-stroke Pain -- Thoracic Outlet Syndrome -- Vascular Disease -- Peripheral Artery Disease and Ischemic Claudication -- Lymphedema -- Deep Vein Thrombosis and Thrombophlebitis --

Erythromelalgia -- Inflammatory Disease -- Rheumatoid Arthritis -- Infection and Cellulitis -- Chronic Inflammatory Demyelinating Polyneuropathy -- Gout -- Myofascial Pain Syndromes -- Sprains/Strains/Tendinopathies -- Fibromyalgia -- Psychological Syndromes -- Somatoform Syndrome -- Factitious Disorder/Munchausen's Syndrome -- Conclusion -- References -- Suggested Reading -- 4: Diagnostic Tests and Physical Exam for CRPS -- Definition -- Presentation and Physical Exam -- Diagnosis Criteria -- Severity of Disease -- Diagnostic Tests -- Thermography -- Radionuclide Bone Scintigraphy -- Diagnostic Imaging Techniques -- Electromyography (EMG) -- Musculoskeletal Ultrasound -- Skin Biopsy. Conclusion -- References -- Part II: Treatment of CRPS -- 5: Pharmacologic Treatments for CRPS -- Nonsteroidal Anti-inflammatory Drugs -- Bisphosphonates -- Calcitonin -- Corticosteroids -- Anticonvulsants and Antidepressants -- Local Anesthetics -- N-methyl D-aspartate (NMDA) Receptor Antagonists -- Vitamin C -- Opioids -- Topical Agents -- Botulinum Toxin -- Immunoglobulins -- Conclusion -- References -- Suggested Reading -- 6: Behavioral Health Interventions for CRPS -- Diagnostic Considerations and Theoretical Foundations -- Assessment -- Functional Impact -- Pain Coping -- Psychiatric Comorbidities -- Validated Measures -- Behavioral Health Interventions -- Cognitive Therapy -- Psychoeducation -- Reframing -- Cognitive Restructuring -- Behavioral Therapy -- Activity Pacing (AP) -- Graded Exposure -- Physiological Self-regulation Strategies -- Relaxation Training (RT) -- Mindfulness-Based Interventions (MBI) -- Self-Hypnosis -- Biofeedback (BFB) -- Acceptance and Commitment Therapy (ACT) -- Case Example of ACT for CRPS -- Motivational Interviewing (MI) -- Group-Delivered Interventions -- CBT Groups -- Mindfulness- and Acceptance-Based Group Therapies -- Patient Education: Explain Pain Groups -- Innovative Digital Directions for the Field -- Conclusions -- References -- 7: Comprehensive Rehabilitation of Patients with Complex Regional Pain Syndrome -- Introduction -- Background -- Medical Treatment in Interdisciplinary Rehabilitation -- Interdisciplinary Medical Rehabilitation of CRPS: Assessment -- Treatment Considerations in Medical Rehabilitation of CRPS: Interventions Used -- Interdisciplinary Rehabilitation of CRPS: Physical Therapy -- Interdisciplinary Rehabilitation of CRPS: Physical Therapy Assessment -- Interdisciplinary Rehabilitation of CRPS: Physical Therapy Objective Measures. Interdisciplinary Rehabilitation of CRPS: Physical Therapy Interventions -- Interdisciplinary Occupational Rehabilitation of CRPS -- Interdisciplinary Occupational Rehabilitation of CRPS: Assessment -- Interdisciplinary Occupational Rehabilitation of CRPS: Objective Measures -- Interdisciplinary Occupational Rehabilitation of CRPS: Interventions -- Interdisciplinary Psychological Rehabilitation of CRPS -- Interdisciplinary Psychological Rehabilitation of CRPS: Assessment -- Interdisciplinary Psychological Rehabilitation of CRPS: Objective Measures -- Interdisciplinary Psychological Rehabilitation of CRPS: Interventions -- Key Considerations, Limitations, and Barriers -- Future Considerations -- References -- 8: Adjuvant Treatments for CRPS -- Introduction -- Acupuncture -- Movement-Based Mind-Body Practices (Qigong Therapy, Tai Chi, Yoga) -- Relaxation-Based Mind-Body Techniques -- Herbs and Supplements -- Transcutaneous Electrical Stimulation -- Noninvasive Brain Stimulation -- Pulsed Electromagnetic Field Therapy -- Prism Adaptation Therapy -- Hyperbaric Oxygen Therapy -- Ozone Therapy -- Hirudotherapy -- Physiotherapy-Based Interventions -- Use of Adjuvants in Children With CRPS -- Conclusion -- References -- 9: Interventional Treatment of Complex Regional Pain

Syndrome -- Introduction -- Intravenous Therapies -- Description of IVRB -- Complications -- Intravenous Infusions and IVRB with Sympatholytic Agents -- Intravenous Infusions and IVRB with Non-sympatholytic Agents -- Sympathetic Blocks -- Stellate Ganglion Block for Upper Extremity CRPS -- Thoracic Sympathetic Block for Upper Extremity CRPS -- Lumbar Sympathetic Block for Lower Extremity CRPS -- Outcomes -- Neuromodulation Therapies -- Preoperative Considerations -- Peripheral Nerve Block and Stimulation -- Indication -- Procedure -- Outcomes -- Complications -- Spinal Cord Stimulation. Procedure -- Complications -- Outcomes -- Intrathecal Drug Delivery Therapy -- Procedure -- Complications -- Pharmacologic Agents -- Concluding Remarks -- References -- 10: Interventional Treatments for CRPS in Children -- References -- 11: Emerging Therapies for the Treatment of Complex Regional Pain Syndrome -- Introduction -- Neuromodulation -- Cost Efficacy -- Dorsal Column Stimulation -- Dorsal Root Ganglion Stimulation -- Peripheral Nerve Stimulation -- Brain Stimulation -- Deep Brain Stimulation -- Motor Cortex Stimulation -- Transcranial Magnetic Stimulation -- References -- 12: Treatment Algorithm for Complex Regional Pain Syndrome -- Introduction -- Definition and Terminology -- Clinical Presentation -- Diagnosis and Evaluation -- Diagnostic Criteria -- Investigations -- Epidemiology -- Incidence and Risk Factors -- Surgery -- Fracture -- Pathophysiology -- Inflammation -- Central and Peripheral Sensitization -- Altered Cutaneous Innervation -- Altered Sympathetic Nervous System Function -- Autoimmunity -- Brain Plasticity -- Genetic Factors -- Psychological Factors -- Management -- Physiotherapy -- Psychological Therapy -- Medical Management -- Surgical Management -- Novel Therapeutic Approaches -- Treatment Algorithm -- Conclusion -- References -- Part III: Special Considerations in CRPS -- 13: Children and Adolescents with CRPS -- Background -- Epidemiology -- Etiology and Pathogenesis -- fMRI Data -- Genetics -- Psychological Factors -- Other -- Clinical Features -- Diagnosis -- Treatment -- Physical and Occupational Therapy -- Psychological Therapy -- Medications -- Invasive Treatments -- Spinal Cord Stimulation -- Alternative Treatments -- Prognosis -- Conclusion -- Bibliography -- 14: Review and Management of Complex Regional Pain Syndrome in Pregnancy -- Introduction -- Pathophysiology -- Clinical Symptoms -- Diagnosis -- Management. Pharmacotherapy -- Antipyretics -- Anti-Inflammatories -- Tricyclic Antidepressants (TCAs) -- Antiepileptics -- Muscle Relaxants -- Alpha-Adrenergic Agonists -- Immunomodulators -- Opioids -- Other Oral Medications -- Topicals -- Botulinum Toxin -- Ketamine -- Cannabis (Marijuana) -- Interventional Therapies -- Trigger Point Injection -- Sympathetic Nerve Block -- Bier Block -- Dorsal Root Ganglion Stimulation -- Radiofrequency Ablation -- Spinal Cord Stimulator -- Acupuncture -- Therapy and Modalities -- Physical Therapy -- Modalities -- TENS -- Contrast Bath -- Fluidotherapy -- Ultrasound -- Occupational Therapy -- Mirror Therapy -- Chiropractic Care -- Psychological and Behavioral Therapy -- Cognitive Behavioral Therapy (CBT) and Other Behavioral Therapy -- Biofeedback -- Meditation and Relaxation -- Hypnotherapy -- Bibliography -- 15: Chronic Regional Pain Syndrome in the Geriatric Patient -- Introduction -- Epidemiology -- Pathophysiology -- Clinical Diagnosis -- Clinical Presentation -- Budapest Criteria -- Assessing Pain in the Elderly -- Treatment -- Nonpharmacologic Treatments -- Pharmacologic Treatments -- Conclusion -- References -- 16: Challenges and Controversies in Complex Regional Pain Syndrome (CRPS)

Treatment -- Sympathetic Blocks in CRPS -- Which Sympathetic Blocks Can be Used and How Are They Performed? -- Stellate Ganglia Block (SGB) -- Ultrasound-Guided Technique -- Fluoroscopically Guided Technique -- CT-Guided Technique -- Lumbar Sympathetic Block (LSB) -- Fluoroscopically Guided Technique -- Ultrasound-Guided Technique -- Thoracic Sympathetic Block -- Erector Spinae Plane Block -- Intravenous Sympathetic Block -- Is One Sympathetic Block Technique Superior to Another? -- What Agents Can Be Used for Sympathetic Blocks? -- Are Sympathetic Blocks Effective in Treating CRPS Pain?. Does the Response to Sympathetic Blocks Predict Success of Other Treatment Modality Such as Spinal Cord Stimulation?.
