At the center of the paper is presented the way and the reasons which led towards the creation of the state of Scanderbeg along with the main features of this state, including state institutions, as well as the law created and applied in the territories of this state. The authors contextualize this within the framework of the work that was done by several known authors that have dealt with Scanderbeg. Altogether have described Scanderbeg using various resources but with different methods which lead to a conclusion that Scanderbeg was one of the most important personalities in the fifteenth century who managed to stop Turkish invasion towards the west for 25 years. Thus the attributions as new Alexander the Great or the Athlete of Christ stand rightfully to this person who by created a unique state standing the in first line of front against the ottoman invasion.
