Sommario/riassunto	Popular presentations of history have recently been discovered as a new field of research, and even though interest in it has been growing

noticeably very little has been published on this topic. This volume is one of the first to open up this new area of historical research, introducing some of the work that has emerged in Germany over the past few years. While mainly focusing on Germany (though not exclusively), the authors analyze different forms of popular historiographies and popular presentations of history since 1800 and the interrelation between popular and academic historiography,
