Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front Matter -- Introduction -- The Semantics of -- vs. -- vs. -- Pious Gods -- vs. -- The Semantic Paradox -- Conclusion -- Bibliography -- Indexes.
Sommario/riassunto	In Hosios: A Semantic Study of Greek Piety Saskia Peels elucidates the semantics of the Ancient Greek adjective <i>hosios</i> and its cognates. Traditionally rendered as 'piety', <i>hosios</i> was a key notion in Classical Greek religion and reflected a core value in Athenian democracy. Since antiquity, its meaning and usage have puzzled many. This study sets out to resolve various scholarly debates on the semantics of <i>hosios</i> by focusing on the idea of lexical competition. It illuminates the semantic relationship between <i>hosios</i> and its near-synonyms <i>eusebēs</i> and <i>dikaios</i> , and the connection to the notion of the 'sacred'. Using insights from modern linguistic theory, the book also aims to improve methods for research into the lexical semantics of a dead language.
