Sommario/riassunto	The overwhelming majority of historical work on the late Habsburg Monarchy has focused primarily on national movements and ethnic conflicts, with the result that too little attention has been devoted to

the state and ruling dynasty. This volume is the first of its kind to concentrate on attempts by the imperial government to generate a dynastic-oriented state patriotism in the multinational Habsburg Monarchy. It examines those forces in state and society which tended toward the promotion of state unity and loyalty towards the ruling house. These essays, all original contributions and writte
