Sommario/riassunto

As an important contribution to debates on property theory and the  
role of law in creating, disputing, defining and refining property rights,  
this volume provides new theoretical material on property systems, as  
well as new empirically grounded case studies of the dynamics of  
property transformations. The property claimants discussed in these  
papers represent a diverse range of actors, including post-socialist  
states and their citizens, those receiving restitution for past property  
losses in Africa, Southeast Asia and in eastern Europe, collectives,  
corporate and individual actors. The volu
